MAKING THE CONNECTION

MISSION

Faith and Money Network's mission is to equip people to explore and transform their relationship with money within the grounding of their faith.

WE BELIEVE

God created the world with enough for everyone, provided we learn to live within some limits.

WE BELIEVE

we are all recipients of God's
extravagant, amazing generosity
and grace.

WE BELIEVE

that it is important to shift the conversation from a place of fear, self-interest, and fault to one of gifts, generosity, and abundance.

WE BELIEVE

that God has a dream for this world,
and our money is meant to help
underwrite it.

FAITH
MONEY
network

WE BELIEVE

that the Church is exactly the right place for discussing money, both personal and corporate.

WE BELIEVE

that connecting our faith and our money is a life-long journey, best made in a loving, supportive and challenging community.

WE BELIEVE

that our personal and corporate habits and lifestyles affect how the rest of the world lives.

WE BELIEVE

that when we separate our financial lives from our spiritual lives, we find ourselves alienated from God and God's community.

WE BELIEVE

that money is meant to be a blessing to ourselves, to others, and especially to the poor.

WE BELIEVE

that Stewardship is not techniques or programs; it is a lifestyle and a spiritual journey into the very heart of God.

WE BELIEVE

that because money is such a charged issue, to attempt to provide answers for others only generates guilt, repression, and fear.

WHAT WE DO

Faith and Money Network helps people move and grow in four fundamental ways:

WE HELP PEOPLE MOVE AND GROW

- from a sense of scarcity to one of abundance

You know that how you spend your money matters. But where you **bank** your money can make just as big a difference in both your local community and the world.
